Floral

Floral tributes have a long association with funeral arrangements therefore it is not surprising that picture coffins which utilise flowers in their design have become a popular choice.

Sport nation

For many of us, sport can become a passionate corner-stone of our lives, manifesting itself in a life long dedication to a particular team.

Hobbies

As with sports, pastimes and leisure activities can become a defining aspect of peoples lives.

Picture Coffins—Premier Very High Quality Print and Finish

Our wooden picture coffins are always a popular choice. Approved for burial and cremation and at most natural burial grounds, these are sourced from FSC-accredited companies using wood from sustainable sources. The designs are printed onto an environmentally-friendly paper wrap, which is then applied by hand to ensure the highest level of quality and craftsmanship.

Ask our Funeral Directors for more information of the designs available.

Service Options

Music and Readings

A wide selection of recorded music can be chosen. We can usually obtain almost anything for you which is commercially available. You may like something playing as we walk into the service chapel or church, perhaps a reflective hymn, melody or song during the service and finally music on exit.

Be it a music recording, an organist or a choir, we aim to provide you with exactly what you wish.

If you would like Hymns to be sung, our funeral directors can make suggestions.

We have a number of books of poetry and readings to provide inspiration for a eulogy.

A Scottish Piper

We can provide a piper at the funeral.

The bagpipes have been commemorating the loss of loved ones with music at funeral services for hundreds of years with their haunting strains powerfully and poignantly expressing emotions of the moment.

White Dove Release

Four doves can be released at the end of the service, at a graveside or in the grounds of a crematorium.

After service venues

We can offer guidance for suitable venues for meeting after the service.

We can provide, (at no charge) an A4 sign board at crematorium or cemetery chapel, giving information on where you are going back to afterwards.

If you hire a limousine, we can drop you off at the venue if you wish.

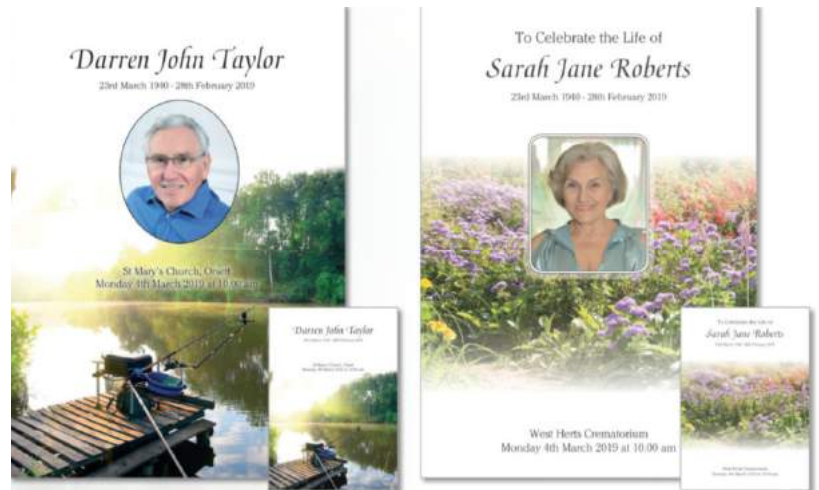

Orders of Service

Now a common sight at services, our bespoke Orders of Service can be designed to reflect your loved one's likes and life.

The brochure is online at <https://www.flipsnack.com/CDFBFAAA9F7/gateway-brochure-flip-book-h5270yq95e/full-view.html> or.... just ask us to email you the link.

Ask one of our Funeral Directors for details. Our administration team will work to provide you with an Order of Service to keep an cherish.

A condolence book will serve as a lasting reminder of the family, friends and colleagues that attended the funeral.

After the funeral the book will serve as a unique record of a sad but important rite of passage.
